

## ***NT Construction Solutions***

REINFORCED CONCRETE SPECIALISTS

NT Construction Solutions providing a friendly, reliable and professional service for all your construction requirements. We pride ourselves in offering the highest level of service, ensuring complete customer satisfaction.

From our entry through Formwork Contracting we have grown our expertise base to include Civil Infrastructure Projects, Project Management and Jumpform.

We take pride in having established a reputation for commitment to quality production, completing contracts on time and within budget and giving value for money to our clients.

Whilst the company's main sphere of operations is the Northern Territory, we have the capabilities to undertake interstate projects.

## Our Mission and OH&S

To grow as a construction company, diversify and provide a safe workplace for our employees.

We will also strive to minimise our environmental impact and positively contribute to the wider community.

In all aspects of our business we insist on honesty, integrity and fairness and we expect the same in our relationship with whom we deal.

Our goals and objectives are to provide safe equipment and systems of work, ensure compliance with legislative requirements and current industry standards.

*“ NT Construction Solutions carry out good quality work, safety, on time and within budget ”*
